

Name_____

Period_____

Name_____

Common Mental Health Illness/Diseases/Disorders

Your job is to research your assigned illness/disease/disorder with your partner and share your findings with the class. Each person will be required to turn in a separate worksheet. Please write in complete sentences. Worksheet and speeches are due on Monday. You can use websites and books that are in the lab and that are listed in this packet.

This assignment is worth 25 points.
